

BRING HISTORY TO LIFE!

ARNOLD SCHOOL HOUSE

ORIGINAL 1856 ONE ROOM SCHOOL HOUSE RESTORED

Do you want your students to truly appreciate how good they have it in your classroom? A session at the Arnold Schoolhouse is just what they need. We invite you and your students to compare life at their school to that of the early nineteenth century. Bring your Lesson Plan to the historic school house for the day and enjoy history with your students.

As history comes to life and the students are engaged, they will truly understand the difference between life in 1856 and the current year!

The Schoolhouse location is also home to our Watershed Preserve Nature Park and Trails where many diverse habitats and ecosystems, including aquatic and terrestrial ecosystems live. Investigate how earth's resources were used in the sixteenth, seventeenth, and eighteenth centuries by farms and towns. Students can explore resource management, conservation methods, habitats, and ecosystems or just enjoy a friendly sack race or a sack lunch at one of our outdoor picnic tables.

Self-Guided Class field trips now being scheduled for fall & spring.

Available for Grades K through 5.

Price: FREE to School Field Trips!

Call (248) 628-5409 ext.212 for reservations or more information.

5757 Rochester Rd. Leonard, MI 48367

Rules for a Safe and Enjoyable Visit For the comfort and safety of all our visitors, and for the protection of our artifacts, we ask that these guidelines be followed:

1. Groups must stay together unless instructed to do otherwise.

2. Visitors should not touch artifacts.

3. Student behavior is the responsibility of the teachers and chaperones.

4. No gum, candy, food, or open drink containers are allowed inside Arnold School House.

5. Respect the Nature and its habitat throughout the trail system.

5. We request two chaperones for each class of students.

6. Leave only footprints behind.
