Addison Township Parks

Addison Township is an attractive area with its diverse topographical character. Our parks assist in preserving our rural atmosphere. You can experience that “up north” feeling, just minutes from your home. Our community owns four parks which are all worth visiting.

1. Addison Township Park is located on the east side of our Township Office Complex. It features a walking track, pickleball courts, basketball, volleyball, playground equipment and fun for visitors of all ages.
2. Labodie Park is seven acres that can found directly behind our Township Offices. It has a nice baseball field, sledding hill, gas fire pit and picnic table areas. Just south of the park is the Michigan Nature Association’s Lakeville Swamp.
3. Watershed Preserve Park is 231 acres located approximately one mile north of Leonard Village on Rochester Road. It features a large marked trail system for hiking. You can also fish, picnic, or camp at a rustic campsite (camp permits can be obtained from the Addison Fire Dept. 248-628-5600). There is much to see in this park abundant in natural plant and wildlife.
4. Lake George Nature Park is 82 acres and is located a little west of Leonard Village. Acquired in 2011, it is being developed similar to Watershed Preserve Park. It will have a picnic area, trail system and a dock for fishing. This undeveloped park is open now for those interested in woods, rustic trails and fishing.

Addison Park & Recreation Meetings

Visitors are welcomed and encouraged to attend our monthly Park Meetings to be held at Watershed Preserve Park within the Historic Arnold Schoolhouse on the first Monday of the month at 7:30 p.m.

Park Rules:

Hours: Sunrise to Sunset
unless otherwise noted.

No wheeled or motorized vehicles beyond the parking area. (Handi-cap vehicles excepted)

Do not remove, disturb, injure, or kill any animal, bird, tree, plant or flower.

All pets must be on a leash and under control.

No Alcohol.

No ground fires allowed.

Pack out what you pack in.

Leave only footprints.
